Subject RE: Bristol Bay Selection File

Phil: I believe what you are seeking is a General Selection file, which is kept in a vault in DNR Realty Services, 10<sup>th</sup> floor Atwood. I don't think those files are readily viewable on the internet, you have to go to the file itself. The person in Realty Services to talk to is Forrest Weiant at 269-8585. However, Forrest is out until 10/29. If you need to get something sooner, I would call Ginger Gallus at 269-8586.

Hi Nina,

I sent this same note to Sue Magee. Help from either of you is appreciated.

Bob Loeffler suggested that I call DNR to find what he called the "selection file" for Bristol Bay. He said it was the state's file that explained why lands in a particular area, Bristol Bay in this case, were selected. Can you help me find this file?
